

**RULES AND REGULATIONS FOR THE STUDENTS OF THE
INTERNATIONAL MASTER ON COMMUNICATION NETWORKS ENGINEERING
A.Y. 2011/2013**

**Art.1
(Goals)**

This act concerns the students of the International Master on Communication Networks Engineering (IMCNE) and integrates the General Rules and Regulations for students of the masters/courses organized by the Scuola Superiore Sant'Anna.

**Art. 2
(Duration of the Master Course)**

The master starts on September 12th, 2011 and ends on September 30th, 2013.

**Art. 3
(University credits)**

The Master envisions the attendance of courses that confer university credits, according to what is stated by the plan of study of the Master.

Acquisition of credits occurs after the proficiency verification of each exam (intermediate and final) is passed and is subject to the respect of the minimum attendance requirements.

In order to pursue the Master degree, it is necessary to acquire at least 120 university credits (CFU).

**Art. 4
(Organization of the Master)**

The Master has a two-year duration and is organized over two periods with distinct training objectives, one propaedeutic with respect to the other.

The first period, related to the teaching part, is divided into three consecutive semesters for a total amount of 990 hours of class lectures and lab training.

The objective of the first period is the transmission of competence through front teaching, lab training, stand-alone review of material and specialized seminars as well as companies representative researchers.

The following table reports the entire training program of the first three semesters.

The second period corresponding to the fourth (last) semester, envisions the original development and relevant preparation of a written dissertation (Master thesis) developed in the laboratories of at the Institute of Communication, Information and Perception Technologies (TeCIP) Labs.

This period has the scope to complement the in-class training with an operative direct experience, in which the competence acquired during the first period can be efficiently spent.

Master Thesis developed in laboratories of partner companies or institutions shall be authorised, as an exception, from the Master coordinators.

Art. 5 (Masters thesis)

At the end of the Master Programme, the students shall produce a written dissertation (Master thesis) about the activity carried out during the last semester, which is publicly discussed and assessed by a Committee appointed by the Director of the TeCIP Institute.

The subject of the Master thesis is agreed on by the coordinators of the Master Course and a scientific tutor chosen by the student, taking into account the student's inclinations.

The Master thesis, with an overall duration of 750 hours, allows to gain 30 university credits.

During the last semester the student is mentored by a tutor at the TeCIP Labs. The tutor guides and supports the students in the development of the Master thesis and monitors his/her attendance and progress.

The tutor of the student at the TeCIP labs or at the company/institution sends to the Master Secretariat a monthly form that states the total amount of hours attended by the student in the by the 5th day of each month.

If the Master thesis is developed in laboratories of partner companies or Institutes is defined by a special agreement, according to the regulation in force, which must be signed by the student.

After the written acceptance of the agreement, the student who renounces or interrupts his thesis cannot obtain the Master Degree.

Art. 6 (Lecture hours)

Lectures and practice sessions are given from Monday to Friday, with this schedule:

Annex 1

STUDENT INTEGRITY CODE

The mission of the Master IMCNE Integrity Code is:

- to promote the growth of ethically responsible students and future researchers through adherence to the highest standards of academic integrity
- to encourage an environment of honour and trust within the IMCNE community.

In addition to this Code, all students are expected to know fully the Scuola Superiore Sant'Anna Rules and Regulations, which may be consulted at www.sssup.it.

The Code will be administered and maintained by the Master IMCNE Secretary's Office, in close collaboration with the Administration of TeCIP, and the Central Administration of Scuola Superiore Sant'Anna.

Specific Standards

A. Academic Pursuits

The IMCNE student is expected to engage honestly and fairly in the learning process, maintaining standards of academic integrity. No specific set of rules or definitions can embrace every act of academic misconduct. In general, Academic misconduct is any action or attempted action that may result in creating an unfair academic advantage for oneself or an unfair academic advantage or disadvantage for any other member or members of the academic community.

Below there are types of academic misconduct with examples of each. Please note that the list of potential academic offences should not be considered exhaustive:

Cheating

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question, such as:

- Copying or attempting to copy from others during an exam or on an assignment
- Communicating answers with another person during an exam
- Using unauthorized materials, prepared answers, written notes during an exam
- Allowing others to do an assignment or portion of an assignment for you
- Collaborating on an exam or assignment with any other person without prior approval from the instructor

Plagiarism

Plagiarism is misrepresenting the ideas, expression of ideas or work of others as one's own. It includes reproducing or paraphrasing portions of someone else's published or unpublished material, regardless of the source, and representing these as one's own thinking by not acknowledging the appropriate source or by the failure to use appropriate quotation marks. Some examples of plagiarism include:

- Wholesale copying of passages from works of others into your homework, essay, term paper, or dissertation without acknowledgment
- Use of the views, opinions, or insights of another without acknowledgment
- Paraphrasing of another person's characteristic or original phraseology, metaphor, or other literary device without acknowledgment

False Information and Representation, Fabrication or Alteration of Information

- Furnishing false information in the context of an academic assignment
- Failing to identify yourself honestly in the context of an academic obligation
- Fabricating or altering information or data and presenting it as legitimate
- Providing false or misleading information to an instructor or any other University official.

- Concocting facts or reference
- Fabricating false medical or compassionate certificates
- Fabricating false letters of support or other letters of reference
- Fabricating false academic records, transcripts or other registrarial records
- Forgery of an instructor's signature on a letter of recommendation or any other document
- Submitting an altered transcript of grades to or from another institution or employer
- Putting your name on another person's exam or assignment.

Impersonation

Impersonation involves having someone impersonate oneself, either in person or electronically, in class, in an examination or in connection with any type of academic requirement, course assignment or material, or of availing oneself of the results of such impersonation. Both the impersonator and the individual impersonated (if aware of the impersonation) are subject to disciplinary proceedings.

Property violations

Student is expected to respect the materials, data and property of other members of the Scuola Superiore Sant'Anna community. The students will not misuse or misappropriate the materials, data, or other property of another especially through, but not limited to:

- Accessing, removing, or destroying any information, materials, or other property from another student's premises, locker, computer files, or mail folder without prior permission
- Sabotaging or stealing another person's assignment, book, paper, notes, experiment, project, electronic hardware or software
- Improper access to, or electronically interfering with, the property of another person or the University via computer or other means
- Obtaining a copy of an exam or assignment prior to its approved release by the instructor
- Accessing restricted areas of the Scuola Superiore Sant'Anna without prior authorization
- Accessing Scuola Superiore Sant'Anna structures outside the office hours, without prior authorization
- Disseminating or otherwise making confidential information public to a third party without prior written consent.

Disturbances in the Classroom

- Interference with the course of instruction to the detriment of other students.
- Failure to comply with the instructions or directives of the course instructor
- Unnecessarily activating fire alarms.

B. Individual Rights violations

The students are expected to respect the individual rights of others, observing the Scuola Superiore Sant'Anna policies against harassment and discrimination. Any complaint of a violation of these policies brought to the attention of the IMCNE Coordinator will be referred to the appropriate body of the jurisdiction within the Scuola Superiore Sant'Anna

C. Reports and Adjudication

Any member of the University community (faculty, staff, students and others) has the specific Responsibility to report to the Master IMCNE Coordinator suspected act of Academic dishonesty.

Students have the right to a fair and complete inquiry into any alleged violation of the integrity Code. The IMCNE Coordinator will impartially gather evidence from the student, the complainant, and other appropriate parties. The IMCNE Coordinator will review the evidences with the student who will have an opportunity to respond to the evidences and may call witnesses.

At the end of the inquiry process, the IMCNE Coordinator will clear the student from the charges brought against her or him, or decide which sanction or combinations of sanctions is appropriate. The outcome is notified to the student by the IMCNE Coordinator by e-mail.

A notification of academic misconduct is recorded in the Academic Misconduct Register, which is kept from the Master IMCNE Secretary's Office.

Access to the Academic Misconduct Register will be limited to those involved in processing appeals and those involved in processing additional complaints against the student.

D. Sanctions

Violations of the Code will be treated seriously, with special attention to repeat offenders. In assign a sanction, the IMCNE Coordinator will take into account the seriousness of the offence and the particular circumstances of the case.

Sanctions for a violation may include one or more of the following:

- A failing grade for the assignment in which the violation occurred
- A failing grade for the course in which the violation occurred
- Other sanctions as appropriate, including for example remedial work, lower course grade and so on
- An official letter of reprimand
- The rescinding of scholarships, grants and tuition fee reductions
- The rescinding and the reimbursement of scholarships, grants and tuition fee reductions
- Denial of the degree
- A recommendation for expulsion from the University.

If a person is found guilty of academic misconduct after having a degree conferred, the IMCNE Coordinator may recommend the Director of the Scuola Superiore Sant'Anna to revoke his or her degree.

E. Appeals

Appeals shall be made in writing to the Director of the Scuola Superiore Sant'Anna within ten business days after the date of notification to the student.

Appeals are limited to the following grounds: new evidence that was not available at the time of the adjudication of the case and that may affect the outcome of the case; improper procedure that materially and adversely affected the earlier outcome of the case, and excessive sanction.

Appeals will be reviewed by the Director of the Scuola Superiore Sant'Anna who may consult the written record of the case, the appeal request, and any person involved in the adjudication process, or other appropriate party. The Director of the Scuola Sant'Anna may confirm, modify, or remand the case to the IMCNE Coordinator with instructions for the further action. The decision of the Director of the Scuola Superiore Sant'Anna is final.
